skills used in  
the classroom

True

### Teacher Standard 1 - Students

**Write SMART Goal here:** I will acquire strategies and methods that will meet the needs of students with special needs and improve the social/emotional needs of students by taking college coursework and workshops by June 20\_\_.

### Teacher Standard 2 - Content

**Write SMART Goal here:** I will develop strategies to improve learning in reading, math, social studies and science by coordinating the efforts of students in the classroom by taking college coursework and workshops by June 20\_\_.

### Teacher Standard 3 - Assessments

**Write SMART Goal here:** I will become knowledgeable about types of assessments, their purpose/value and the data they generate to improve my lesson planning and student learning by taking university coursework and workshops by June 20\_\_. I plan to share this information with my professional learning community.

### Teacher Standard 4 - Instruction

**Write SMART Goal here:** I will become skillful at developing lessons that differentiate instruction to support the learning needs of all students by taking university coursework and workshops by June 20. I will acquire multiple strategies to use technology as an effective tool in my classroom by taking district workshops.

### Teacher Standard 5 - Learning Environment

**Write SMART Goal here:** I will learn how to create conditions and classroom environment for productive performance of students to improve achievement by taking university coursework and workshops by June 20\_\_.

### Teacher Standard 6 - Collaboration

**Write SMART Goal here:** I will share all the multiple strategies from professional development on this IPDP with my professional learning community to improve student achievement.

### Teacher Standard 7 - Professional Growth

**Write SMART Goal here:** I will engage in continuous and purposeful professional development during my 5 year cycle of his license by attending workshops and university coursework to strengthen my abilities as a classroom instructor and share these strategies with my colleagues to improve student achievement by June 20\_\_.
